ACETATE GUIDELINES

Welcome to **Carousel's Acetate Film Printing Guidelines!** Please review the instructions below before submitting your artwork for printing.

Please send us your artwork **PRINT READY**. This means that your artwork is **300 dpi, sized as it will apear on the screen/media, 100% black and white for line work, or properly halftoned.** If there is gray in your artwork, the printer will automattically halftone it; make sure you are OK with this, if not, please erase the gray from you image.

Please email files 24hrs in advance. We accecpt PSD, Ai PDF, and JPG files at 300 dpi. **If you files need to be modified/edited in any way, a $15.00 fee will be applied.**

We do not accept Word, Powerpoint, Excel, RTF, GIF, or PNG files.

Acetate Pricing:

For artwork fits within the dimentions of 8.5" x 11", we charge ¢.50/linear inch by the smallest dimetnion.

For artwork fits within the dimentions of 12" x 19", we charge ¢.75/linear inch by the smallest dimetnion.
